

# Price Transparency Disclaimer

Weatherford Regional Hospital is committed to empowering patients, in partnership with their care team, to make informed decisions about their healthcare. This includes helping patients understand the cost of their care, as well as [financial assistance](#) that maybe available. Because every patient is unique, we encourage you to call us at 580-774-4778 for an accurate and personalized price estimate for your care.

In compliance with federal law, Weatherford Regional Hospital provides a list of standard charges. The list charge of a hospital service is not equivalent to the actual amount paid by governmental or commercial insurance companies; accordingly, each patient's financial responsibility may vary. The amount a patient pays is based on many factors, including health insurance, benefit plans and other applicable discounts, and the services provided based on each patient's unique needs.

Weatherford Regional Hospital reviews our hospital charges annually to ensure they accurately reflect the high - quality care we seek to provide. Overall, Weatherford Regional Hospital works with patients, providers and partners to lower the cost of care through wellness, disease management and quality care.

## DISCLAIMER

- I understand that the List of Standard Charges includes hospital services only and does not contain professional fees for either Weatherford Regional Hospital or non-Weatherford Regional Hospital physicians or other advanced practitioners.
- I understand that a single line item charge may not represent a complete medical service; in general, multiple charge line items are necessary to represent all components of a service (e.g. procedure(s), supplies, and drugs).
- I understand that the List of Standard Charges is not intended for media use.
- I understand that these prices are the list price of all hospital charges and not necessarily what my insurance company will pay or what I will owe. My actual hospital bill may include one or more of these charges, typically contracts with payers, including Medicare, and the hospital accepts a rate that is less than their published charges. Your insurer will determine what you will owe after they have paid their agreed upon rate.
- For a more accurate, personal estimate based on your individual circumstances and patient responsibility of what you will actually pay, please call us at: 580-774-4778.
